**Thank you for your patience:** Please realize that From The Frame Up has a staff of 1. The "fully" staffed company prides itself on timely replies, in addition to its other duties of management, receptionist, accounting, bookkeeping, procurement, technical assistance, stocking, handling orders, shipping, research & development, webmaster, quality control, test and evaluation, gofer, manufacturing, administration, human resources, budget director, board chairman, meeting with MG dignitaries, and letting 'Frank' the watch dog out occasionally. So if I don't respond within an hour, it's probably because the "understaffed" household has me cutting the grass!

Thank you for your understanding. **Doug**
