31 - Set Screws	SS	Hex Head Set Screws	Hex Head Set Screws can be identified by the shank threaded all the way to the head (cap). Generally, all items 1" or less are set screws and others bolts. If you need a specific application inquire. Note: The # required for TC applications are posted below but should only be used as a guide. Many are known quantities and others are estimated. Additional info will be added as it becomes available. *** Finish: Most all bolts have a clear zinc finish. ***
