

FROM THE FRAME UP - Catalog Items

Premiere Restoration Services

Full Car Restoration: Make your reservation early to restore your car "From The Frame Up." Every component of your car will be disassembled, inspected and rebuilt as needed to reset the clock for your car back to a correct and original condition. Parts are discounted for this service. The time frame to complete is @ 5-6 months. Once finished you will receive complete written details of the rebuild. Additionally, your car will be registered with FTFU and given a supplemental placard with registration number. The 1st registration # is: FTFU 0251 (registered to the company car) At the time of printing we are taking reservations for car # 7 (FTFU 0257). There is only one way to restore a car and that is the right way. **Contact FTFU for more details.**

FTFU also offers many services that may be beyond your capabilities. Please see the appropriate catalog section of the below services for more details and list of parts that may be needed.
